Jeju Island: A gift from God that shines future's hope beautifully!

The Jeju Island is the only special self-governing province of South Korea. Its area is 1,848 km², its population is about 600,000, and average temperature is 16 °C. It is a very beautiful and relaxing island of nature & myth. Receiving Halla Mountain's spirit and surrounding colors of nature's gift, Jeju Island of unique culture of Tamna raises an anchor towards the Pacific. As a resort and tourist destination, the island was selected as one of **the New 7 Wonders of Nature in 2011**. Previously, the island was certified by UNESCO Triple Crown in Natural Science as
